TERMS OF SALE

1. Unless specifically otherwise agreed, all products are sold ex seller's warehouse Holland, and travel throughout at buyer's risk and expense.
2. If products are sold ex seller's warehouse, the cost of cases and packing and of phytopathological inspection, and of any freight, forwarding, insurance, export and import charges, shall be for buyer's account.
These charges shall be due and payable on arrival of the goods at United States or Canadian port.
Unless otherwise instructed, the seller will arrange for transportation and for ordinary insurance coverage to destination.
3. Payment shall be due ninety (90) days from date of invoice; two per cent (2 %) discount will be allowed for payment within thirty (30) days from date of invoice.
4. The seller warrants the goods to be sound and healthy at time of shipment but does not otherwise warrant flowering- or other planting-, growing- or forcing results.
5. If at time of shipment, the buyer shall be in default in the payment of any account owing to any member of the Holland Bulb Exporter's Trade Sub-Group (Ondervakgroep „Export van Bloembollen“) or if the buyer's financial responsibility appears unsatisfactory to the seller, the seller may, at his option, cancel this order in whole or in part, provided that he shall promptly advise the buyer of any such cancellation; and the seller shall not be responsible for any damages whatsoever arising from such cancellation.
6. Total or partial failure of the general or of seller's crop, owing to frost, floods, or other natural causes, or loss or damage to seller's stocks by fire or any other cause beyond his control, preventing seller from fully performing the present and/or similar contracts, shall relieve the seller from his obligations under the present contract to a corresponding extent.
7. Whenever the terms of this order call for delivery f.o.b. any place or conveyance in the United States or Canada, the seller shall be required only to arrange for transportation and insurance to the point specified and the seller may, at his selection, either prepay freight, insurance and/or other shipping charges, including import duty and arrange to collect same on delivery in a lump sum from the buyer, or the buyer shall pay all such charges from warehouses Holland until arrival at such agreed place or conveyance in the United States or Canada. In either case buyer shall be permitted to deduct the charges paid by him to such agreed f.o.b. United States or Canada place or conveyance from the agreed f.o.b. United States or Canada prices.
Notwithstanding any agreement as to delivery at any point other than seller's warehouse, the goods shall in all cases be at buyer's risk from the time they leave the initial point of shipment.
8. All claims hereunder shall be deemed waived unless presented within eight (8) days after receipt of goods. Claims relating to damage to or condition of goods shall be accompanied by Lloyd's survey report or its equivalent, stating full particulars. In case of non arrival of goods at destination within a reasonable time after receiving advice of shipment from Holland, buyer shall notify the seller by wire or cable.
9. Cancellation of orders or part thereof will only be accepted when buyer agrees to pay seller his loss of profit; changes in orders may be allowed only if both parties agree thereto.
10. These printed Terms of Sale cannot be altered nor departed from except by mutual consent in writing.

Hyacinths

LIST OF VARIETIES

Hyacinths are used for forcing and are also excellent for the garden. The Springgarden is not complete without Hyacinths. Where planted in beds and borders they always attract attention with their bright, cheerful colors.

RED AND PINK

ANNE MARIE, clear pink, very early.

CROWNPRINCESS MARGARET, pink, large spike.

GERTRUDE, rosy pink, compact flower, medium early.

JAN BOS, beautiful rich scarlet, very early.

LADY DERBY, fine light pink, large bells, fine shaped bulb.

LA VICTOIRE, brilliant carmine red, large spike, early.

MARCONI, deep rosy pink, good for later forcing.

PINK PEARL, rosy pink, large spike, early. One of the best pink Hyacinths.

QUEEN OF THE PINKS, lovely bright rosy pink; large spike of fine bells, late forcer. Also good for bedding.

WHITE

ARENTINE ARENDSSEN, pure white, large spike and large bells, very early.

CARNEGIE, pure white, late forcing.

EDELWEISS, pure white, sturdy broad compact spike, fine early forcer.

L'INNOCENCE, pure white, broad, loose spike of elegant form, very large well shaped bells, early and excellent for forcing. The most popular of all white Hyacinths.

QUEEN OF THE WHITES, pure white, splendid spike, good for late forcing.

LIGHT- AND DARK BLUE

BISMARCK, skyblue, large spike, excellent for early forcing.

DELFT'S BLUE, bright porcelain blue, compact spike.

DR. LIEBER, medium blue.

DR. STRESEMANN, bright blue, large flower.

DUCHESS OF WESTMINSTER, beautiful deep blue with striking white centered bells.

GRAND MAITRE, fine deep porcelain blue.

HINDENBURG, porcelain blue, large bells.

KING OF THE BLUES, the best dark blue, with splendid, well formed large spike on short stem; late forcer.

MYOSOTIS, pale blue, long spike. Good forcer.

OSTARA, fine porcelain blue, early forcer.

PERLE BRILLANTE, fine lavender blue, large spike.

QUEEN OF THE BLUES, fine light blue with beautiful silvery shade, large spike.

YELLOW

CITY OF HAARLEM, yellow, large spike, extra fine.

PRINCE HENRY, yellow, early forcer.

YELLOW HAMMER, yellow, large broad spike.

VIOLET

LORD BALFOUR, purplish violet.

FAIRY HYACINTH

BORAH, (multiflowered Hyacinth), porcelain blue.

How to order Hyacinths

We offer our Hyacinths in various sizes. The prices mentioned on this page are for the most common trade varieties.

p. 1000
§

TOP SIZE HYACINTHS

In this size we offer the largest bulbs which the harvest produces, carefully selected bulbs, producing large flowers

FIRST SIZE HYACINTHS

This size is just one size below top size and these are also large and carefully selected bulbs, producing large flowers.

SECOND SIZE HYACINTHS

This is also the best size for growing on Hyacinth-glasses. This size we can specially recommend for general purposes, these bulbs are excellent for growing in pots and pans and gardening.

THIRD SIZE HYACINTHS

Because the flowerspikes of this grade are not as large as those of the larger sized bulbs, this size Hyacinth is recommended for planting 3 or more bulbs in a pan. This size is also suitable for gardening purposes.

BEDDING HYACINTHS

This size is very popular for outside planting. The flowers are not so heavy and will therefore stand rainy and windy weather better.

MINIATURE HYACINTHS

Miniature Hyacinths produce graceful flowers and are therefore very suitable for cutflower purposes.

FAIRY HYACINTHS

[illegible]

Hyacinths
are
ideal for
home decoration

Prepared Hyacinths

for early forcing

These Hyacinths are treated in a special way, which makes them well suitable for early forcing, they should be potted directly after arrival. With their early flowers, these Hyacinths offer a welcome material when other Hyacinths and Tulips are not yet in bloom. Prepared miniature Hyacinths are suitable for early cutflowers.

As the bulbs which are to be prepared are lifted early, orders for these bulbs must reach us before June 1st.

Early Tulips

Early Tulips are ideal for planting in large and small
beds and borders

Double Early Tulips

These Tulips bloom a little later than single early Tulips. Their double flowers have a beauty all their own which makes them so suitable for pot plants.

They are also excellent for planting in beds or borders.

\$

BONANZA, carmine-red, edged yellow
BOULE DE NEIGE (Snowball), large, pure white
DANTE, blood red, good forcer
ELECTRA, splendid deep carmine
EL TOREADOR, orange red, terracotta edged
GOYA, vivid light orange red, new sport of Murillo
HOANGHO, pure yellow, strong stem, early
MARÉCHAL NIEL, golden yellow, flamed salmon orange....
MARQUETTE, red, edged yellow
MR. VAN DER HOEF, pure golden yellow, excellent variety ..
MURILLO, white, shading to delicate pink
MURILLO MAXIMA, sport of Murillo, taller and earlier
ORANJE NASSAU, deep orange and red
PAUL CRAMPEL, geranium-lake
PEACH BLOSSOM, deep pink. Fine for forcing. The most
popular double pink tulip
RED BLOSSOM, glowing reddish purple
SCARLET CARDINAL, glossy scarlet. Early forcer
SCHOONOORD, snow-white
TEAROSE, soft yellow, slightly shaded apricot
TITIAN, red with yellow border
TRIUMPHATOR, very deep pink
VUURBAAK, scarlet; large flower on strong stem, late
WILHELM KORDES, bright orange, flushed red
WILLEMSOORD, carmine, edged white
SEPARATE COLORS
SUPERFINE MIXED, all colors

Darwin Tulips

„HIGHLIGHTS OF THE GARDEN“

No other Tulips equal the Darwin Tulips in splendor and usefulness for various purposes.

introduced into Holland some fifty years ago, Darwin Tulips soon found their way into gardens all over the world and were eagerly accepted by the florist trade. Demand increases from year to year. Since their introduction, many beautiful new varieties have been developed and were received with enthusiasm by the public, but some of the first introduced varieties, such as Clara Butt, Farncombe Sanders, La Tulipe Noire, Pride of Haarlem and others still rank high among the popular varieties.

Blooming in May, carried on strong, erect stems, the Darwin Tulips with their stately beauty and gorgeous colors, red, pink, lavender, purple, black, yellow and white are ideal for all garden purposes and excellent for cutflowers. Many varieties can also be successfully forced for cutting and in pots and pans. Some for Valentine Day and others for Easter pots.

When planted under so called „cold glass“ in good soil, and thus coming into bloom protected from bad weather, Darwin Tulips will produce a rich crop of clean strong flowers before the bulbs grown outside are in bloom.

p. 1000
\$

AFTERGLOW, fine orange rose with distinct orange edge
ALL BRIGHT, fine bright red sport of Bartigon
AMERICAN FLAG, bright red, striped and flaked white
ARISTOCRAT, dark violet rose, edged lighter
BARONNE DE LA TOCNAYE, bright rose, margined blushrose
BARTIGON, clear crimson red, one of the best for late forcing

SEPARATE COLORS
SPLENDID MIXTURE, ALL COLORS

Darwin Hybrid Tulips

A new race of tulips, the results of crossings between Darwin Tulips and Fosteriana varieties. They have enormous flowers on strong stems and vivid colors. They are rather scarce as yet and are consequently rather expensive.

p. 100

\$

APELDOORN, orange scarlet, black base, edged yellow
DARDANELLES, cherry red, large flower
DOVER, fiery poppy red, very large flower
GENERAL EISENHOWER, orange red
HOLLAND'S GLORIE, orange scarlet, black base
LEFEBER'S FAVORITE, glowing scarlet, yellow base
OXFORD, red, flushed purple red

Single Late or Cottage Tulips

The older varieties of this class, were found in Cottage Gardens in England. Many fine, new varieties have been added to this class by hybridizing.

Cottage Tulips have various shaped flowers and habits and are splendid for gardening purposes and cutflowers.

Some varieties are also extensively used for forcing.

p. 1000

\$

ADVANCE, fiery red, very large flower	
ALBINO, pure white, large flower, extra for forcing	
ARGO, yellow with red spots, changing to reddish orange ..	
ARTIST, inside salmon rose and green, outside purple and salmon rose	
BELLE JAUNE, rich deep yellow	
CARRARA, pure white; good for forcing and bedding	
CHAPPAQUA, soft violet-rose	
DIDO, orange rose, margined bright orange yellow	
FLAMING BEAUTY (FIRESIDE), yellow, striped and flushed red	
GOLDEN HARVEST, deep lemon yellow, large flower, good for forcing, very popular variety	
GOLDEN MEASURE, deep canary yellow	
GRENADE, bright orange red	
INGLESCOMBE YELLOW, canary yellow, fine bedder	
G. W. LEAK, brilliant geranium red	
LINCOLNSHIRE, geranium red sport of Inglescombe Yellow	
MARJORIE BOWEN, salmon orange-rose, exquisite variety..	
MARSHAL HAIG, bright scarlet with yellow base, strong stem

SMILING ANN, white, edged pink	
THEMIS, pure white, good for forcing	
WALLSTREET, golden yellow	
WHITE CITY (MOUNT EREBUS), pure white, creamy anthers	
YELLOW EMPEROR, deep golden yellow, large eggshaped flower on tall strong stem	
ZOMERSCHOON, salmon pink, flaked creamy white	
FINE MIXTURE	

Lily Flowering Tulips

These Tulips belong to the Cottage Tulip family and bloom at the same time. Their distinct shape, more or less resembling Lilies made it desirable to group them under a separate head. They are splendid for groups in borders and are very artistic cutflowers.

p. 1000
\$

ALASKA, pure yellow, sweet scented	
BEVERLEY, bright orange red	
CAPTAIN FRYATT, garnet red, violet blue center	
CHINA PINK, pink, white base

MARCELLINA, deep rosy pink, pure white base	
MARIETTE, deep satin rose	
MAYTIME, reddish violet, creamy white edge	
MILDRED, satiny rose	
PAINTED LILY, buttercup yellow, edged scarlet	
PICOTEE, white, edged pink, passing into rose	
QUEEN OF SHEBA, glowing brownish red, edged orange	
SEBASTIAN, buttercup yellow	
STANISLAUS, orange red, yellow center	
THE BRIDE, white	
WHITE DUCHESS, white	
WHITE TRIUMPHATOR, pure white	

Breeder Tulips

Breeder Tulips are one of the oldest classes of Tulips. They bloom in May with the Darwin Tulips, some varieties even a little later.

Most varieties have tall stems.

With their dark colors and shades in bronze, mahogany, orange, purple, they make a striking „exotic“ contrast with the bright colors of the Darwins.

p. 1000
\$

ADMIRAL TROMP, coppery bronze, flushed carmine and edged orange	
ALICE KEITH, orange, tinted reddish purple	
BACCHUS, dark plum color, immense large flower	
CHERBOURG, golden yellow outside bronze, large flower ..

MANITOU, carmine, edged orange	
ORANGE DELIGHT, clear bronze	
PANORAMA, reddish mahogany, good for forcing	
PAPAGO, poppy-red, yellow base	
PONTIAC, mahogany red	
PRESIDENT HOOVER, brilliant orange red	
PRINCE OF ORANGE (ORANGE BEAUTY), deep orange red, golden orange margin	
SAGINAW, deep magenta red, orange edge	
TANTALUS, yellowish, shaded violet	
VELVET KING (DREADNOUGHT), purple violet	
WINNETOU, orange red, edged bronzy-orange	
MIXED VARIETIES	

Triumph Tulips

These Tulips result from crossings between Darwin- and later flowering varieties of the early Tulips. Their flowering time is just between these two classes.

Most Triumph Tulips have large flowers and strong stems and are of medium height which makes them very useful for beds. Some varieties are well known for forcing and the short stemmed kinds, such as Denbola are fine for Easter pots.

p. 1000
\$

AUREOLA, bright red, edged golden yellow
 ALBERIO, cerise scarlet, yellowish edge, good for pots
 AVIATEUR, deep red, bordered creamy white
 BANDOENG, deep mahogany red with golden edge
 BRUNO WALTER, deep orange yellow, sweet scented
 CRATER, deep carmine red. Excellent for pots
 CROWN IMPERIAL, mahogany red, edged golden yellow ..
 DENBOLA, cerise-red, bordered creamy white. Large flower of
 great substance. Extra fot pots
 EDITH EDDY, soft cerise, white edge
 ELISABETH EVERS, beautiful pink, large flower on strong stem
 ELMUS, cherry red with white border, splendid for cutting ..
 GLORY OF NOORDWIJK, brilliant rosy pink
 HINDENBURG, garnet red edged yellow
 KANSAS, snow-white, lemon yellow center
 KANTARA, pure white, for late forcing
 KORNEFOROS, brilliant bright red, extra variety, best forcer

 RHINELAND, yellow and red, distinct bedder
 ROLAND, bright scarlet, edged ivory
 ROSE BEAUTY, deep pink, changing to cheery red, white
 base
 TELESCOPIUM, violet rose, flower of great substance on tall
 stem, early and easy forcer
 URSA MINOR, deep golden yellow
 WINTERGOLD, clear yellow
 WISCONSIN, deep rose, fine attractive color, fine for pots ..
 MIXED VARIETIES

Mendel Tulips

Mendel Tulips are hybrids between early Tulips and Darwin Tulips and are mostly used for forcing for cutflowers. Some are real early forcers.

ATHLEET, a pure white sport of Weber
 BRIGHTLING, rosy carmine, large flower
 EARLY QUEEN, deep satin-rose, very early
 FRIDJOF NANSEN, carmine red; medium early
 FUGA, blood red
 HER GRACE, rosy pink, good for pans
 IMPERATOR, wine-red, very large flower
 JOHN GAY, orange, eggshaped
 KRELAGE'S TRIUMPH, deep red, strong flower; early forcer,
 leading variety
 OLAF, scarlet, good for pans, early
 OLGA, violet red, edged white
 ORANGE WONDER, bronzy-orange
 PIQUANTE, carmine, edged white, early forcer
 SCARLET ADMIRAL, crimson red, medium early, good for pots
 SCARLET WONDER, vermilion red, very early
 SHACKLETON, pure white
 TOPSCORE, geranium-lake-red, yellow base
 VAN DER EERDEN, lively red, early forcer, extra variety....
 WEBER, white, bordered pink, tall stem, medium early
 WHITE SAIL, white, early
 WHITE VIRGIN, pure white
 ZENOBER, rich vermilion red, early.....
 COLLECTION IN VARIETIES OUR CHOICE.....

Parrot Tulips

The ever increasing demand for these Tulips clearly shows the growing appreciation for the remarkable beauty of the Parrot Tulips with their elegant lacinated flowers.

They bloom in May.

On account of their large, heavy flowers Parrot Tulips are not recommended for planting in beds. In groups and in borders, they are very effective. Excellent for cutflowers. Placed in shallow bowls or dishes when cut, they make a very artistic effect on tables.

p. 1000
\$

ADMIRAL DOORMAN, cherry red, edged golden-yellow....
BLACK PARROT, purplish black
BLUE PARROT, rich bluish heliotrope
DISCOVERY, sport of Princess Elisabeth, pink
FANTASY, lovely soft rose with green streaks, inside salmon
rosy, flowers are carried on erect stems
FIRE BIRD, fiery red, sport of Fantasy.....
GADELAN, violet and mauve, shaded purple
ORANGE FAVOURITE, bright orange and green
ORANGE PARROT, deep orange, sport of Orange Beauty..
PARROT WONDER, cherry red
PIERSON (MISS KAY), dark red
PITT'S PARROT, cochineal red
RED CHAMPION, bright crimson, shaded rosy-red
SUNSHINE, deep golden yellow, perfect parrot shape
TEXAS GOLD, deep yellow, sport of Inglescombe Yellow ...
THERÈSE, fiery rose-scarlet, large flower
VIOLET QUEEN, beautiful pearl blue, strong stem

Double Late or Peony Flowering Tulips

Like their name indicates, the full double flowers resemble more or less Peony flowers.

They are splendid in borders and fine for cutting but not generally recommended for forcing.

CLARA CARDER, tyrian purple, white base
COXA, orange red, narrow margin of pale yellow
EROS, old rose, splendid double flower
LIVINGSTONE, bright red

- MAY WONDER, clear rose, somewhat lighter towards the base.
 Very strong large flower on strong stem
 NIZZA, yellow striped and feathered red
 ORANGE TRIUMPH, orange-red, flushed brown and narrow
 yellow edge
 PALETTE, undertone of red passing to lilac, bordered yellow
 passing to light yellow. Immense flowers on strong stem.
 Most unusual color
 ROCKET, cherry red, sport of Eros
 ROYALTY, dark brick red with small cream edge. Very double
 large flower on strong stem
 ROYAL YELLOW, golden yellow
 SNOW PRINCE, creamy white, large full double flower
 SYMPHONIA, cherry red, double sport of Darwin tulip Pride
 of Haarlem
 TORCH, shiny dark red, very double flower. Strong stem
 UNCLE TOM, dark glittering red, extra double
 YOSEMITE, lilac rose lighter towards base, large semi double
 flower, tall stem. Good for forcing in late March
 COLLECTION OF BEST NAMED VARIETIES, our choice

Tulipa Species

In this class are found the real gems for the Rock Garden.

The very early flowering Kaufmanniana sorts followed by the
 striking, later flowering, Fosteriana types and the remarkable
 Praestans Fuselier, are just a few catches out of this rich class.

- TULIPA CHYSANTHA, rosy-red outside, light-yellow interior
 „ CLUSIANA, outer petals cherry-red, inner petals white
 „ CORNUTA STENOPETALA (ACUMINATA), red and
 yellow; very long pointed flower
 „ DASYSTEMON (TARDA), canary-yellow and white;
 bunchflowering
 „ EICHLERI, fine vermilion orange
 „ FOSTERIANA CANTATE, vermilion red, foliage shiny
 green
 „ FOSTERIANA GALATA, orange scarlet, yellow base
 „ FOSTERIANA PRINCEPS, orange scarlet, very large
 „ FOSTERIANA RED EMPEROR (Mme. LEFEBER),
 dazzling vermilion red
 „ HAGERI, brownish orange-red

- TULIPA KAUFMANNIANA, The waterlily tulip, creamy yellow
outside shaded soft red, inside deep yellow
- „ KAUFMANNIANA AUREA, yellow, red on outside..
- „ „ CÉSAR FRANCK, deep yellow, outside red
with yellow edge
- „ „ ELLIOTT, pure white outside bright rosy red ..
- „ „ GAIETY, white, outside red
- „ „ JOHANN STRAUSS, white, outside blotched red
- „ „ PRIMROSE, primrose yellow, yellow center ..
- „ „ SHAKESPEARE, a mixture of salmon apricot
and orange shades
- „ „ THE FIRST, carmine, edged white
- „ „ VIVALDI, yellow, red spotted, inside cream with
red ring
- „ MARJOLETTI, lemon yellow, rose base
- „ PERSICA, dark yellow, very late
- „ PRAECOX, scarlet, black and yellow base
- „ PRAESTANS, lively orange scarlet, several flowers
on a stem
- „ PRAESTANS FUSILIER, vermillion-orange, bunch-
flowering
- „ SYLVESTRIS (FLORENTINA ODORATA), yellow;
sweet scented
- „ TURKESTANICA, white, orange yellow center,
bunchflowering

Narcissus

*In the
spring-garden
Daffodils
are
outstanding*

Narcissus (Daffodils)

The Spring flower „par excellence“. No other flower depicts so well the spirit of Spring.

Very popular for gardening, splendid for cutting, and forced in large quantities, the Daffodils have an important place in the world of bulbs.

For wild gardening, planting in woodlands, no flower is so popular as the Daffodil.

YELLOW TRUMPETS

p. 1000
\$

COVENT GARDEN, uniform yellow, good for pots
EARLY GLORY, soft yellow
FLOWER CARPET, deep golden yellow

ENGLISH IRIS

Ready September—October

SUPERFINE MIXED, ALL COLORS

SPANISH IRIS

Ready September—October

COLLECTION OF NAMED VARIETIES
 VERY FINE MIXED

Miscellaneous Bulbs and Roots

ALLIUM

Alliums are used primarily for garden purposes. The variety neapolitanum is good for forcing.

p. 1000
\$

- ALLIUM ALBOPILOSUM, lilac, very fine
- " AZUREUM, azure blue
- " GIGANTEUM, violet red, very large
- " KARATAVIENSE, purple with broad leaves
- " MOLY (LUTEUM), yellow
- " NEAPOLITANUM, white, good for forcing
- " OSTROWSKIANUM, deep carmine rose, dwarf
- " ROSENBACHIANUM, purple rose, height 4 feet

ANEMONES

Ready September—May

Single and Double Anemones are grown in large quantities for cutflowers. They can be planted in cool houses to get them in bloom earlier. The flowers are very showy and fine for table decoration.

Both kinds and also the various other varieties are splendid in gardens and rockeries. Apennina and Blanda varieties bloom early.

As most varieties are not hardy, they are best planted in Spring.

- SINGLE DE CAEN, grand mixture
- " HOLLANDIA, bright red
- " MR. FOKKER, blue
- " SYLPHIDE, violet
- " THE BRIDE, pure white
- SEMI DOUBLE ST. BRIGID, splendid mixture
- " " LORD LIEUTENANT, dark blue
- " " THE ADMIRAL, rose violet
- " " THE GOVERNOR, brilliant red
- APENNINA ALBA, white, large flowers
- " BLUE, very early
- BLANDA, blue shades, very early
- " ROSEA, rose shades, very early
- " MIXED, very early
- FULGENS MULTIPETALA, semi double, bright scarlet
- ST. BAVO, grand mixture

- BRODIAEA CONGESTA, bright blue
 " LAXA, dark blue
 Brodiaea are used for gardening purposes. They need a solid covering during the winter.

- CAMASSIA CUSIKII, porcelain blue
 " ESCULENTA, violet blue
 Camassias are fine in the garden, need a good covering in winter.

CHIONODOXA (Glory of the Snow)

Chionodoxa are very attractive little flowers blooming early in Spring. Splendid especially when planted in large patches or masses. Can be left in the garden year after year where they multiply freely. Need some slight covering during the winter.

- GIGANTEA (ALLEN), light blue, white center
 LUCILIAE, lilac blue, pale starshaped center
 " ALBA, white
 " ROSEA, rose
 " PINK GIANT, novelty
 SARDENSIS, bright blue

COLCHICUMS

Shipment mid July

Colchicums flower in August—September. If left undisturbed in the garden, they become very free flowering. They do best in cool soil which retains moisture.
 They will also bloom inside without water or soil. Close to the light, in the window is then the best place for the bulbs. When through blooming, they can be planted in the garden.

- AUTUMNALE ALBUM, pure white
 " MAJOR, soft violet
 " MINOR, violet
 AUTUMN QUEEN, nicely blotched
 SPECIOSUM, rose
 THE GIANT, lilac mauve, white base
 VIOLET QUEEN, lilac tinted violet

- CORYDALIS (FUMARIA) BULBOSA

Corydalis are used in the garden. Fine amongst shrubs where they are soon established and increase freely.

- CYCLAMEN PERSICUM GIGANTEUM
 " NEAPOLITANUM

Cyclamen persicum is the well known potplant. The variety Neapolitanum is used in gardens, special in rockeries. They require a shady place.

ERANTHIS (Winter Aconite)

Eranthis flower very early. Splendid for planting in front of shrubs and in rock gardens. They will not thrive in dry ashy soil.

CILICICA, pale yellow

HIEMALIS, golden yellow

FREMURUS BUNGEI, canary yellow

" HIMALAICUS, snowwhite

" ROBUSTUS, pale pink

" SHELFORD HYBRIDS

Eremurus are very ornamental in the garden. The Shelford hybrids are also fine for cutflowers. They need good fertile soil and may not bloom the first year after planting. It is advisable to protect the foliage in the Spring against frost damage.

ERYTHRONIUM DENSCANIS (Dog's tooth violets), in varieties

" " mixed

Erythroniums are fine in the garden and rockeries. Plant them at once on arrival in good soil mixed with peat moss, preferably in a somewhat moist slightly shadowed place. They need slight covering in winter.

FREESIA

Freesias are grown in greenhouses, are ideal cutflowers and very fragrant. Not recommended for gardening.

FREESIA APOTHEOSE, lilac rose, pure white center

" BLUE PENNANT, lobelia blue with white throat, big flower, long strong stem

" BUTTERCUP, yellow

" CARO CARLEE, creamy white, extra

" CELESTE, lilac blue

" COTE D'AZURE, blue with white throat

" MARION, violet blue

" ORANGE SUN, orange yellow

" PRINCESS MARIJKE, brown orange, outside purple

" RYNVELD'S GOLDEN YELLOW, golden yellow with orange

" SAPHIR, lilac blue, white throat, long strong stem ..

" SNOW QUEEN, white, very large

" WHITE MADONNA, pure white, strong stem

" FINE MIXTURE

FREESIA GRANDIFLORA, rose-red shades

" " lilac-blue shades

" " yellow and orange shades

" " mixed colors

FRITILLARIA

Fritillaria Imperialis are very ornamental in groups in borders, they do not like dry soil. Fritillaria meleagris is fine in rockeries.

IMPERIALIS (CROWN IMPERIAL) AURORA, orange red

" " " LUTEA, yellow*

" " " ORANGE BRILLIANT, orange red

" " " RUBRA, dark orange red

" " " RUBRA MAXIMA, dark red

" " " FINE MIXTURE

p. 1000

\$

MELEAGRIS (GUINEA HENFLOWER), ALBA, pure white

" " " NAMED VARIETIES

" " " FINEST MIXTURE

GALANTHUS (Snowdrops)

Galanthus are amongst the first flowers blooming in Spring. When planted in borders, amongst shrubs and in grass, they rapidly increase. When mowing the grass the foliage of the Galanthus must not be cut before this is died off. Splendid also in rock gardens.

ELWESI, very large flowers

NIVALIS SINGLE, pure white

" DOUBLE

HYACINTHUS AMETHYSTINUS, amethyst blue

" " ALBUS, pure white

Hyacinthus amethystinus are of the same habit as Muscari and can be grown outside in the same way.

IRIS DANFORDIAE, golden yellow, early

" RETICULATA CANTAB, light blue

" " HERCULES, dark purple

" " J. S. DIJT, dark blue

Iris Reticulata is splendid for gentle forcing in pots.

IXIA NAMED VARIETIES OUR CHOICE

" " " " " large flowering .

" MIXED VARIETIES

These little bulbs are mostly used by the florists for growing cutflowers. Can also be planted in the garden in sunny warm spots. They are not hardy and need a heavy covering in winter.

IXIOLIRION PALLASI, blue

Ixiolirion are planted in the fall and can permanently stay in the garden. A sunny spot is preferred and a slight covering during winter.

LILIUM

Lilium Candidum and Lilium Excelsum are the only Lilies which are ready for shipment Augustus—September.

CANDIDUM (MADONNA LILY), white.....

Top size bulbs

First size „

Second size „

EXCELSUM (TESTACEUM), apricot yellow, fragrant

MUSCARI (Grape Hyacinths)

Very attractive and popular for mass planting and in rockgardens, they are quite hardy. The variety armeniacum and others can well be forced and are also recommended for corsage flowers.

ARMENIACUM, bright blue, splendid for forcing, as well as outside

AZUREUM, azure blue truss

AZUREUM ALBUM, pure white, very large flower

BOTRYOIDES ALBUM, white

„ COERULEA, blue

EARLY GIANT, extra blue

PLUMOSUM (FEATHERED HYACINTH), violet

ORNITHOGALUM NUTANS, greyish green

„ PYRAMIDALE

„ UMBELLATUM, white, outside green

Hardy bulbs for naturalising, also good for rockgardens.

OXALIS ADENOPHYLLA, lilac rose

„ DEPPEI, deep pink, **reposed bulbs**

Oxalis adenophylla is fine for gardens and borders. The reposed bulbs of Oxalis deppei are special for growing in pots.

PUSCHKINIA LIBANOTICA, pretty lavender blue

„ „ ALBA, white

Puschkinia is used like Chionodoxa. Fine for mass planting, in borders and rockgardens.

RANUNCULUS

Ready August—May

Ranunculus are mostly used by florists and produce very graceful decorative flowers. Are also fine for garden purposes. Plant in Spring and lift them in fall. Must be kept dry during the winter in a cool frostfree place.

Triteleias are fine for naturalizing and are quite hardy. Good also for rockeries.

TRITONIA CROCATA ORANGE DELIGHT

" " named varieties
 " " mixed

Tritonias are tender bulbs and are used in cool greenhouses. They have bright colors.

BULBS for Rockgardens

*Planted in gardens
or Rockeries,
Muscari
are
very attractive.*

A well arranged rockgarden is a source of real enjoyment to every amateur gardener.

When only suitable perennial or annual plants are used, rock gardens do not reach their prime until summer.

If bulbs are used, the rockgarden will be real attractive already in early Spring, long before the other plants flower.

Deep, well drained pockets of soil are required in which the bulbs are to be planted, this is very essential and will substantially add to the success of the rockgarden.

The following kinds will be found of special merit: Tulip species: Chrysantha, Eichleri, Fosteriana Red Emperor, Kaufmanniana Varieties, Praestans Fusilier, further: Miscellaneous Bulbs such as Crocus, **Muscari** (Grape Hyacinths), Eranthis (Winter Aconite), Galanthus (Snowdrops), Chionodoxa (Glory of the Snow), Fritillaria Meleagris (Guinea Henflower), Scilla sibirica and also the later flowering Scilla campanulata varieties (Wood-Hyacinths).

Very attractive and useful for Rockgardens, are also the dainty miniature Daffodils listed under „Various Narcissus“.

Further: Anemone, Allium Moly, Erythronium, Iris reticulata, Tritileia.

*You can make an extra profit by also selling
Bulbs for Rockgardens*

BULBS and ROOTS

for Autumn and Spring Delivery

ACIDANTHERA BICOLOR MURIELAE, splendid bulbous plant from Abyssinia, somewhat on the order of gladioli. Pure white with purplish blue blotches. Sweet scented

DICLYTRA (DICENTRA) SPECTABILIS

GLADIOLI

Flowering period:

1 = early, 2 = medium, 3 = late

We believe there is no other class of bulbs in which so many new and beautiful varieties have been developed than in Gladiolus.

The following collection is of outstanding value in which all colors of the rainbow are represented.

No wonder the demand for Gladiolus increases from year to year.

Ideal for cutflowers and growing in almost any soil with little care, they are of great value also for gardening purposes and when planted at intervals from Spring till June, Gladiolus offer the gardener a crop of cutflowers all through the summer until the frost sets in.

- VIOLACEA, blue
- WATERLOO, dark violet red
- MIXED VARIETIES, all colors

HYACINTHUS CANDICANS (GALTONIA), white.....

Hyacinthus candicans are planted in Spring and are fine in groups in borders. They are not hardy, must be lifted in the fall and kept frostfree during winter.

LILIUM

Lilies belong to the most beautiful flowers.

The well known Easter Lily takes a prominent place in the florist trade special for Easter forcing. *Lilium longiflorum* in varieties, Croft Lilies and others are largely used for this purpose. As they are not grown in Holland in large quantities, they are not mentioned in our list. There are however some varieties being developed in Holland which are very promising for the future for this purpose.

Of the Varieties mentioned in our list, Regale, Speciosum and the Umbellatum varieties are also good for greenhouse culture. All Lilies mentioned in our list are splendid for gardening, they do excellently in borders if planted in suitable spots.

The following *Liliums* are shipped in late fall and during the winter and early Spring.

p. 100
\$

BURBANKII, orange red, black spotted, tall	
DAURICUM PARDINUM, orange red, yellow center, spotted red

forcing and splendid for the garden
" SPLENDIDUM, deep red
WILLMOTTIAE IMPROVED, orange red, spotted brown, height
25 inches

MONTBRETIAS

Montbretias are fine for cutflowers. They thrive best in a somewhat moist, rich soil in places where they are protected against the hot midday sun. They are not hardy everywhere, in extreme cold climates it is advised to lift them in the fall. If left in the ground a heavy covering is required.

- COLLECTION OF NAMED VARIETIES, large flowering.....
" " " " small flowering.....
SUPERFINE MIXED

p. 1000
\$

- OXALIS DEPPEI, pink
" LASIANDRA, carmine, brown tinted foliage

Oxalis are fine for planting in borders, also good for pots.

- PAEONIA SINENSIS (Peonies)** Ready Sept. to March
IN NAMED VARIETIES, good colors

p. 100
\$

- RICHARDIA (Callas and Arums)** Ready Nov. to April

White Richardias are used by the florists for growing the popular „Calla Lily“ flowers. The yellow varieties are also used in the garden. Tubers must be lifted in the fall and kept frost free during the winter.

- ARUM CORNUTUM, dark purple.....

Arum cornutum will bloom inside in March in dormant state without soil or water. When through blooming, they can be planted in the garden and must be lifted in the fall and kept frostfree during winter.

p. 100
\$

- CALLA AETHIOPICA (LILY OF THE NILE), white, fine for pots
- " ALBO MACULATA, fine Bulbs, foliage dark green
white spotted
- " CHILDSIANA, very broad expanded flowers, beautiful

- " SOLFATARE, light yellow

SPIRAEAS (Astilbe)

Ready October to April

IN NAMED VARIETIES

Spiraeas are mostly used by the florists for growing as potplants.
Are also fine in gardens but need lots of moisture, therefor fine
on the edge of a pond.

p. 1000
\$

TIGRIDIA (FERRARIA), in varieties

" " fine mixture

Tigridias are planted in early May in a sunny, warm spot in
the garden, not too dry. With their glittering colors they make
a splendid effect in borders. The flowers which last only one
day are produced very freely. Tubers must be lifted in the fall
and kept frost free during winter.
